Dear Clavet Families,

As the school year draws to a close, we want to take a moment to reflect on the incredible journey we've all been on together. This year has been filled with growth, learning, and countless memorable experiences. As we move into June, it's important to recognize and celebrate the diverse and vibrant community that makes our school so special. This month, we observe two significant events: Pride Month and National Indigenous People's Day.

Celebrating Pride Month

June is Pride Month, a time dedicated to honoring the 2SLGBTQIA+ community and their contributions to our society. Pride Month is a celebration of love, acceptance, and the freedom to be oneself. It commemorates the Stonewall Riots of 1969, which were a pivotal moment in the fight for 2SLGBTQIA+ rights.

In our school and the Prairie Spirit School Division, celebrating Pride Month means fostering an environment where every student feels safe, respected, and valued for who they are. It's an opportunity to educate our students about diversity, inclusion, and the importance of standing up against discrimination. We will be incorporating age-appropriate activities and discussions into our curriculum to help students understand the significance of Pride Month and the importance of being an ally to the 2SLGBTQIA+ community.

Honoring National Indigenous People's Day

June 21st is National Indigenous People's Day in Canada, a day to recognize and celebrate the rich cultures, traditions, and contributions of Indigenous peoples. This day is an opportunity to learn about and honor the history and heritage of First Nations, Inuit, and Métis peoples.

In our school, we believe it is crucial to acknowledge and respect the unique cultures and histories of Indigenous peoples. Throughout the school year, we have been engaging students in various activities to educate them about Indigenous cultures, traditions, and the important role these communities have played and continue to play in our country's history. This includes art projects, cultural education, and integrating Indigenous perspectives into our lessons.

Why These Celebrations Matter

Celebrating Pride Month and National Indigenous People's Day in our school is about more than just marking dates on a calendar. It's about fostering a culture of understanding, respect, and inclusion. By celebrating these important events, we are teaching our students the value of diversity and the importance of standing up for the rights and dignity of all people.

We encourage you to continue these conversations at home and to join us in celebrating the vibrant and diverse community that we are so proud to be a part of. Together, we can create a school environment where every student feels seen, heard, and celebrated.

Thank you for your continued support and for helping us make our school a place where every student can thrive.

Have a Great Summer!
